ABOUT FAVERSHAM BOOKS

For over twenty five years we have specialised in books by Rudyard Kipling, related biographies, critical works and associated ephemera. We publish two catalogues a year, in summer and at Christmas. These offer about a hundred Kipling items at a time and we are happy to search for desired volumes and to respond to your requests.

We are always interested in purchasing Kipling items, either individually or as collections. We also offer valuations of Kipling collections for insurance or probate purposes. We are known to the organisers of the Kipling Society, who have been kind enough to recommend our services to many of their members and a small selection of our stock may be viewed in the gift shop at Kipling's home at Burwash in Sussex, courtesy of the National Trust. Don't hesitate to get in touch with us for all your Kipling needs and interests.
